

Public Ledger

WEEKLY REPUBLICAN—1867.
DAILY PUBLIC LEDGER—1899.

MAYSVILLE, KY., MONDAY, MARCH 30, 1903.

ONE COPY—ONE CENT.

LOOK FOR IT HERE

The world's ocean cables, if joined, would reach to the moon.

A wine company in Santa Clara county, Cal., has shipped 500 barrels of wine to Europe.

A bill has been introduced in the Illinois Legislature to allow the widow of the late John P. Altgeld a gift of \$5,000.

Since September 1 Tacoma has sent 227,029 barrels of flour to Asia, against 134,078 for the corresponding period last year.

Frank M. Steinhart of Illinois is to be appointed Consul General at Havana, succeeding William A. Ruben, transferred.

A telegram from Washington says it is rumored that Senator Frye is to marry the widow of Vice-President Hobart.

Automobile manufacturers controlling 400 patents have formed a Trust. All the prominent concerns in the country are included.

A full-sized cigar contains as much as two grains of nicotine; a pipeful of tobacco, not more, as a rule, than two-thirds of a grain.

The Tennessee State Senate passed the bill to prevent the use of saloon screens, but it was so amended as to be practically of no value.

President Roosevelt has consented to open the convention of the International Typographical Convention, which convenes in Washington City, August 10.

A chauffeur who gave his name as J. D. Hurlbert of Detroit was fined \$10 in Washington for attempting to mount the Capitol steps in an automobile.

Major General Hector McDonald, one of the most famous officers in the British Army, committed suicide in a Paris hotel. He had been ordered before a court-martial in Ceylon to answer charges of immorality.

Secretary Root has decided to detail regular Army officers to inspect the militia organizations of all the states and territories as a preliminary step to the issue of Krag-Jorgensen muskets in exchange for the Springfield muskets.

In Cincinnati Louis Kohl shot and killed his mother-in-law, Mrs. Kate Stackpole, and dangerously wounded his brother-in-law, Harry Stackpole, aged seventeen years. Kohl was shooting at his wife from whom he had been separated since January 8.

Secretary of the Treasury Shaw has issued a circular announcing that beginning with April 1 he will refund \$100,000,000 worth of bonds either 1908-18 3 per cents or the 1907 4 per cents. It is announced that 2 per cent. premium will be charged on the new 2 per cent. refunding bonds, the idea being to allow the Government part of the profit which will result from the exchange.

The Secretary of War at Washington has received letters from the Governors of Mississippi, Louisiana, Kentucky, Georgia, Virginia and North Carolina promising their hearty cooperation in the plans of General Ainsworth in behalf of the Record and Pension Office for the publication of names of officers and enlisted men who bore arms for the Union or for the Confederacy during the Civil War.

Moses Fowler Chase, the missing grandson of the late Moses Fowler, and the heir to millions, has been found. Consul General Gowdy found the young man in an asylum at Paris. He is incurably insane.

SMALLPOX!

WHEREAS, Smallpox has existed in Mason county at short intervals for the past four years, and, although repeatedly stamped out by the cooperation of the health and fiscal officials, has been reimported from other states and sections and gained new footholds because so large a percentage of our people have failed to comply with the law requiring everybody to be vaccinated; and

WHEREAS, Smallpox now exists and is becoming epidemic in Maysville and other sections of the county, and every unvaccinated person is a menace to the health, lives and business interests of the entire county;

Now, therefore, be it known, That the Mason County Board of Health, in the exercise of authority vested in it by law, hereby requests and directs every unvaccinated person in this county to have himself or herself, and all children, wards or other persons dependent upon them, to be vaccinated at once; and requests and directs that every person whose mark is over five years old to be vaccinated at once; and on and after April 8, 1903, it hereby places every house in Mason county which contains any person or persons who have not been successfully vaccinated within five years last past in close quarantine; and it forbids any person to attend any school in this county, as teacher or pupil, or to go to any church or other public assembly, or to go upon any street, highway or road who has not been successfully vaccinated within five years; and it forbids any person or corporation to employ or to permit on his premises in this county, as tenant or employee, any person who has not been successfully vaccinated within five years. The county will provide the virus and will pay for the vaccination of all persons who are unable to pay for the same if they will apply in person to the physician in their precinct or to the Health Officer.

Done at Maysville, Mason county, Ky., by the Mason County Board of Health, this March 29th, 1903.

J. A. REED, M.D., Chairman.
P. G. SMOOT, M.D.
M. H. DAVIS, M.D.
H. K. ADAMSON, M.D., Health Officer.
W. H. HORD, M.D.

SECTIONS OF THE GENERAL STATUTES OF KENTUCKY.

Section 4018. *Penalty for Persons Having Smallpox.*—Any person who, having reason at the time to believe himself afflicted with the disease of smallpox, shall voluntarily go upon any public highway or street, or to any place at which people are accustomed to collect or assemble, or who shall enter or go on board any steamboat, railroad car or public conveyance, and all persons who shall knowingly aid or assist any one thus to offend, shall be guilty of a misdemeanor, and, upon conviction, shall be fined not less than one hundred nor more than one thousand dollars.

Section 2000. *** Any physician or head of a family who shall fail or refuse to report to the local board of Health cases of cholera, smallpox, yellow fever, diphtheria and other epidemic diseases, as provided for in section two thousand and fifty-five of the act mentioned in the title of this act, shall be fined not less than five dollars for each day he neglects or refuses to report.

Brings joy to the sick throughout the world, filling despairing hearts with hope and restoring health to the afflicted. Last year I cured 80% of the 8,250,000 cases of Constipation, Rheumatism, Kidney and Liver Troubles, Sick Headache, Catarrh, Nervousness and diseases of the Blood, which were treated with this great remedy. All Druggists.

TO CURE A COLD IN ONE DAY

The Ohio is falling from Pittsburgh to Louisville.

The Virginia will pass down from Pittsburgh tonight.

The Henry M. Stanley from Pomeroy goes up tonight.

The Bonanza will be down tonight from Pomeroy.

The J. C. Risher sunk one of the barges of the Finley at Scuffletown.

The Uncle Sam is towing material for a railroad on the upper Cumberland.

The coal combine seems to be getting it where the girl got hugged in the Ohio below Louisville.

The Al. Martin is towing coal up the Kentucky river for the Barretts and bringing empties out.

A new passenger boat to be known as the J. O. Watson is in the harbor of the Allegheny river receiving her boilers. The steamer is a small one owned by Captain John O. Watson and built at Brownsville. She will operate in the fourth pool trade.

A verdict was taken at Pittsburgh for \$1,750, subject to a decision by the Court whether under the evidence the plaintiff had any right to recover in the suit of H. W. Street against the Monongahela River Consolidated Coal and Coke Company. The case is unusual and in the knowledge of the Court and lawyers is unprecedented. The plaintiff was owner of the steamboat Venice, which plied mostly about the Pittsburgh harbor. Some time ago a boat of the defendant removed a large stump from the middle of the Allegheny river channel to one side. Later the Venice, in passing along, struck the stump and was damaged so that she sank. Negligence of the defendant company in placing the stump where it did was charged by the plaintiff.

The new Government tug named the James Rumsey was tested a few days ago and the test was witnessed by several thousand Charleston people. She is certainly a triumph of modern and scientific steamboat building. She is built on a line entirely new to engineering skill in the Western waters. The Rumsey is a twin screw propeller, with quadruple expansion engines. That means that the steam generated for the motive power is used four times through cylinders of 7, 10, 14 and 20 inches in diameter. She is 120 feet long and has a 22-foot beam; depth of hull 4 feet 6 inches, all of which is steel. She has an average draught of 28 inches, and a required speed of twelve miles an hour, and she has gone far ahead of the builder's expectations. On her first trial before she was completed she made 13½ miles an hour.

The American shoe manufacturer pays higher wages than the British manufacturer, but the cost of making shoes is less because of the greater efficiency of the American workman.

BAD BREATH

"I have been using CASCARETS and as a mild and effective laxative they are simply wonderful. My daughter and I were bothered with sick stomach and our breath was very bad. After taking a few doses of Cascarets we have improved wonderfully. They are a great help in the family."

CHAS. A. WALTHER, THE TAILOR.

THE ONLY FIRST CLASS MERCHANT TAILORING ESTABLISHMENT HERE!

Is the one conducted by Chas. A. Walther. There it is where you find a line of samples that represent the best foreign and domestic fabrics of the greatest variety to select from. There it is where the absolute correct fashions are found and transferred to you in down-to-the-minute garments at down-to-the-minute prices. Think of it.

A TIP-TOP, MADE-TO-MEASURE SUIT OR FINE OVERCOAT FOR

\$15.00

'Tis true these garments are made in Cincinnati, but by the best popular-priced tailoring concerns in this country. Those would-be tailors who tell you that they are not made good because they are not made here are like the drowning man grasping for a straw—they try to divert your attention from their own defective and inferior make. Don't be deceived by them. All garments turned over to you at my hands must fit, must excel, no matter where made.
